

GF-DA, GH-DA-L, GT-DA-L or GT-DB

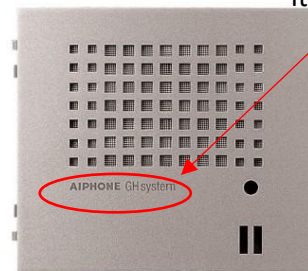

How to identify the modular entrance's version
from the speaker/mic module.

The hint is the the writing or the open space on each panel

GF-DA and GF-DP

GH-DA-L and GH-DP

GT-DA-L and GT-DP

GT-DB and GT-DBP

Disclaimer: This document only indicates the entrance's audio modules' model and the potential GF, GH or GT intercom system in use at a site. It does not indicate other modules' model numbers used onsite at the entire intercom system. Aiphone PTY LTD will not be held liable for any issues, damages or financial and non-financial loss made by decisions based on this document. Aiphone Pty Ltd recommends that the security installer makes a thorough due diligence check of the intercom system before making alterations to an existing GF, GH or GT system.
